SO.CAP. USA Introduces Adhesive Extension System

Extensive is a new and innovative professional hair extension application from SO.CAP. USA Hair Extensions. These 100 percent human hair extensions adhere temporarily to your client's natural hair, sealed with a special iron and easily removed with the *Extensive Remover Solvent*. Using a quick, easy and semi-permanent applica-

tion process, this extension option provides a harmless, long-lasting and reliable attachment that allows for new length, volume, texture, highlights and haircolor for any client! The best thing about these extensions – they're reusable! For more information, visit www.socapusa.com or e-mail info@socapusa.com.
