## **Money Saving Ideas For A New Year!**

### **Sherif Zaki Salons & Spas Offer Tips On Saving Tips For A New Year**

**Greenville, DE** With the economy being down in the dumps, it should not force you to skimp on your hair and skincare this year. Emon & Sherif Zaki, owners of Sherif Zaki Salon & The Oasis Spa in Greenville, DE and Sherif Zaki Salon & Spa By The Sea in Rehoboth Beach, share their tips on how to continue enjoying your relaxing salon and spa visits without emptying your wallet!

**Haircut & Haircolor** Fashionable highlights and multiple process haircolor services are often a costly style to maintain. If your roots are showing, have your hairstylist cover them with a single process haircolor that will not only give your hair a break, but also your purse.

**Nailcare** It is always nice to sit back and relax while someone else makes your nails and toes look flawless. This too may really affect your wallet. For this year, alternate between spa manicures and spa pedicures. One month, opt for the manicure, next month opt for the pedicure!

**Skincare** Most spas offer facials with time options. While there is nothing better than an hour facial, to save money try the 30 minute facials. They produce the same results with a much lower cost. Do not forget to also ask your spa professional about the at-home treatments they have in their retail section that you could try between spa visits.

**Massage Therapies** No one can deny that the perfect massage will make any day much more enjoyable, though this therapy really does add up dollar wise. Specialized therapeutic massages are great, yet not always necessary. Instead of paying for the 90 minute Lava Stone massage, go with a 30 or 60 minute Swedish massage. It's guaranteed that you will leave just as relaxed and rejuvenated.

**Special Salon & Spa Packages** Since discontinuing salon and spa visits just is not an option, perhaps its time to consider buying the packages or series that are offered by your salon and day spa. Ask your hairstylist or spa professional about their packages to see how much you can save.

With the beginning of a new year, we are all still unfortunately feeling the ill effects of the struggling economy. That does not mean we have to show it. Do not stop pampering yourself, just do it with these budget friendly tips!

Sherif Zaki Salons & Spas offer specialized facials, skincare, massage therapies, body treatments, paraffin treatments, natural nailcare and professional hair removal services. Successfully in business for over 16 years, their teams of talented hair designers are always up-to-date on the latest trends, products and techniques. Sherif & Emon Zaki and their teams have been published in numerous local and national publications as one of the 'Top Salons & Day Spas' in America.
